Elite Series Triple Burner

RED OAK

SPLIT OAK

CHARRED OAK

Shown with Optional Four-Piece Accessory Kit. Red Oak pictured above.

Ask in the glow of our fabulous triple burner system – the ultimate in fireplace luxury! The Elite Series is the preferred choice of those who want the fullest, most natural looking flame, and the only choice for those who want the luxury and aesthetic appeal of a real wood fire, with the added convenience of optional remote controls to adjust the flame up to 50 percent. It's the best gas log system on the market – resulting in fuel and cost savings – from the originators of the sandless, straight port injection, triple burner system. Choose from three distinct log styles – Red Oak, Split Oak or Charred Oak.

Features

- Sandless triple burner (3 separate burners for our most realistic fire)
- Standard sizes: 18", 21", 24" and 30"
- Custom sizes up to 52"
- Glowing lower ember bed
- Up to 88,000 BTU

Operating system options:

- Manual Match-Lit System
- Manual On/Off Safety Pilot System
- Manual Modulating and/or Millivolt Ready
- Manual Hi/Low Modulating with Remote Control
- Manual Hi/Low Modulating with Electronic Ignition and Remote Control

Fully-Vented Gas Log Systems

Aspen Industries produces Master Flame brand gas log burner systems with superior craftsmanship and natural-looking logs and flame. Custom shapes and sizes are available to fit unique fireplace needs. Aspen Industries also offers the Royal Series adjustable gas coal effect burners and baskets, ideal for smaller fireplaces and those who prefer a gas fire with a distinct look.

Aspen Industries is the exclusive manufacturer of the Master Flame brand of fully-vented gas log fireplace burner systems. Master Flame products offer superior craftsmanship and life-like beauty with unique innovative designs. Today's Master Flame log sets provide greater detail, enhanced color and higher aesthetic appeal for a warm and realistic glow. Our latest burner design features rear elevated back log supports for a brighter, fuller flame and the most natural wood-burning look.

Minimum Firebox Dimensions

	A	B	C	D	BTU's N.G.	BTU's propane
18	26"	18"	14"	17"	55k	25k
21	28"	21"	14"	17"	60k	50k
24	34"	24"	14"	17"	80k	55k
30	41"	30"	14"	17"	88k	73k

Four-Piece Optional Log Accessory Kits

Our optional log accessory kits enhance the beauty and fullness of our gas log systems. These four-piece log kits help to hide system controls, and complete the look of the fireplace, giving it the most natural appearance – whether on or off. Available in Red Oak, Split Oak or Charred Oak.

Aspen Industries Advantages

- **Quality** – World class manufacturing and exceptional product design
- **Service** – Fast turn around and delivery
- **Practicality** – Ships with factory-mounted controls ready for easy professional installation
- **Reliability** – Factory tested before shipping

All Master Flame Products deliver the features fireplace owners prefer most:

- Cleanest, most realistic burn in the industry
- Straight port injection
- One piece burner construction
- Separate logs – can be configured to the owner's preference
- Complete installation kit included
- Optional log accessory kits available for all log styles

Lifetime Warranty

We are so confident in our superior design and craftsmanship, all Master flame logs and burners carry our lifetime warranty. If your gas log system ever breaks, we'll replace it at no additional cost to you. All accessories, controls and operating systems carry a one-year warranty.
